
Courrier recommendation

Posted by markh - 2008/05/31 22:22

Any one know of a cheapish courier? I've got a 2m long sail to post to Hampshire & the courier I used to use has reduced its parcel length to 1.5m.

Mmm, when i sold a sail on eBay I got parcellforce to pick up and they refused to take it saying that 1.5m is the longest they can handle - ended up having to meet with the buyer part way!!!
