## Typical!

The best spell of wind for over a month and it has to come on Christmas day Boxing day and the day after! Much as I would love to catch at least one session I just couldn't face the domestic consequences.  
Hope somebody manages to get out to enjoy a Merry windsurf Christmas.

It was wild today early afternoon, ( West Kirby) died of a bit later though, when the wife has to work, it would be rude not to...
