
MWS - Your sessions online, statistics...

Posted by loopyloop13 - 2019/01/09 18:55

Hello and best wishes to all,

For those who do not know it already, I put at your disposal a totally free and ad-free website that allows you to keep track of your sessions online and have a lot of statistics.

More than 3200 riders are registered and have referenced more than 2500 spots around the world.

Since the end of 2018, a new version more modern, more ergonomic and more "responsive" has been put online.

I invite you to discover it at http://windsurf-sessions.eg2.fr/mws_new and why not join the MWS community.

All comments and suggestions will be welcome to further enhance the site.

Good navigation to all.

Pascal - Loopyloop13
