
Logs

Posted by kenmorton - 2006/06/20 23:47

Hi Bert,

I don't seem to be able to post any logs at the moment (actually for about the last 2 weeks)
Or log any new equipment or edit any existing gear.

=====

I've fixed the logs and equipment entry so they both now work.
I've also fixed the logs display in a persons profile.
I also found that people who hadn't logged in before got no forum posts on the frontpage - fixed that too

I'd better go and lie down now.....
