
stuff

Posted by stevescott - 2003/07/24 20:54

Hi all,

Anyone looking to sell a long boom? I need one to fit a 7.5 tushy sail that came with my old second hand kit. I'm getting a bit fed up with having to use only my 5.75m and on & off planing in these gusts. Any old thing should do as its not new stuff.

Also as I'm slowly starting to get some new kit, if anyone has a mast thats suitable for a tushy storm 5.5m then I might take it off your hands. Also looking for any good deals for newish boards for WK lake. I'm after speed. The faster the better.

Need.....more.....wind!!!!

Cheers
