
Guy Cribb comes to Cheshire!

Posted by Scotty2Hotty - 2006/08/01 10:35

Guy Cribb is bringing his INtuition Tour to Astbury Sailsports Ltd on 14th August 2006, places still available!

All ages and levels of ability welcome, bring your own kit to have it professionally tuned, or as usual Guy will be bringing his latest carbon toys from JP and Neil Pryde, so lack of kit is not a problem!

Light winds are not a problem, Guy has cunningly designed light wind courses to be the perfect slow motion conditions to perfect the high wind techniques, so don't be put off by a poor forecast!

For more info call Astbury Sailsports Ltd on 01260 297172, or see www.guycribb.com

Like the sound of the slow motion light wind course.
Would be interested in one for double forward loops.
