Anyone got any news on scheduled opening May June 09 or charges/membership etc.. Read with interest thread posted last year about free access provided you had 3rd party insurance . The building work appears nearly complete

See this website for info:

I spoke to the Ranger about 4 weeks ago, he told me there was nothing tp stop anyone sailing on the lake. Though as soon as the new school opens there will be a charge

The situation at the moment, and has been for about the last 6 months, is that if you provide evidence of 3rd party liability insurance upto Â£1.5m, you get a pass to use the lake free. You have to present at the Sefton office at Ainsdale. It on the approach to the beach and behind Pontins.

Once it's handed over there will be a charge, obviously.

Sorry forgot to mention there are currently no facilities at all, so take all your equipment and spares, etc.
